1. Membership

CII withdrew their membership in January 2011. Rod Webb, CII Secretary stated that "Our Board of Directors decided to focus our resources elsewhere at this time. We thank you very much for your time and look forward to working with your organization and furthering our relationship with you in the future."

After last years' suspension of 2 memberships IKD is currently made up of 21 national organisations, 3 single members and WAD as world-wide organisation.

Over the past year individuals from India, Panama and Sweden, an association from Poland and one covering Latvia, Estonia and Lithuania had enquired about membership. The required documents resp. payments have not been received so far.

In the 2010 meeting in Pecs the ratification of the Turkish association Uluslararasý Dedektifler Derneði U-D-D had been postponed and the board been instructed to do further enquiries. The SG put together a timetable for your consideration.

The SG and the VSG represented IKD in Romania at ANDR's 10th anniversary in December 2010.

The SG represented the IKD at the opening of a PI-office in Malaga, Spain in November 2010.

The VSG did a presentation for France, SNARP but finally had not been able to participate. The presentation had to be done by Jean Schmitt.

On behalf of the SG the VSG attended the Romanian Summer School in July 2011. The RSS turned out to be an international meeting. Translation services were given so everyone had been able to follow the contents. The VSG did a presentation on EU-funding of vocational training programs with IKD's draft for the 2011 EU call. This resulted in a Letter of Intent between IKD and ANDR (see attachment) consenting to a Partnership Agreement for the 2012 call.

The LoI has been translated to German and BID and BDD are said to follow Romania this meeting.

2. EPIC

We received emails from PI's outside IKD showing a huge interest in the project and the content. The latter has been expanded and kept up to date by Andreas Heim following his Pecs' mandate and information on Romania and Slovenia are now available. Queries for updates on harmonisation with EU legislation have been answered by 23 countries and are about to be evaluated.

EPIC is the basis for the bid to the EU. After the details for the 2011 call had been released in October 2010 the VSG had several meetings, some together with Andreas Heim, and trainings at the Austrian National Agency for LifeLongLearning. The EU-Infodays in Brussels have been provided as a live-stream, so the VSG decided not to go to Brussels — based on the experience we recommend to visit the Infodays before bringing in the 2012 application.

We set up the project description, 3-years working plan, tasks&activities, 3-years budget and had been able to finish all required documents just in time. Though encouraged by the ANA-LLL we eventually agreed to withhold the application on the filing date February 28, considering that:

- we actually had no confirmed project partners except Germany's ZAD
- a final review with interested partners could not be conducted
- if granted the bid would be static except minor modifications
- we did not want to apply just to be rejected
- we win a year for further arrangements for the call 2012

Following the Pecs meeting's queries for Best Practices the SG prepared a BP-Guide for Reporting, which will be published in EPIC. It has been extended for the ABI and became a booklet meanwhile, waiting academic assessment.

3. Website

ikd.eu: expired on May 07 but the subscription has been renewed. According to the registrant the domain is basically for sale but currently not. IKD could file a complaint at the Arbitration Center for Internet Disputes in Prague but we favour to stay in contact with the registrant and await further news.

The events-database can only be kept up to date if we receive notifications of your AGMs, seminars or other events. The database is maintained voluntarily.

BDD asked for a linkage from their homepage to their respective membership list in the subpage "membermaps". We encourage all member Associations to follow the idea.

We also invite those member Associations whose affiliated members are not listed in the membermap to download and complete the database template provided in the archive section on our website. For further questions contact the VSG.

3. ZAD

IKD holds shares in the German vocational training institute. In October 2010 the VSG represented IKD at the shareholders' meeting. It had been consented that individuals shall back out as shareholders and those shares be offered to Associations only: BID, BDD, OEDV, Eurodet, FSPD already accepted.

IKD has been offered to increase its shares to 4% for a cash value of € 700,--. A respective motion with underlaid explicit information is on the Agenda, ZAD's annual statements can be reviewed.
